# TRAIL CLEARING SCHEDULE

Amy Kimble, TROT Trail Work Coordinator

## Schedule for Trail work through 11/3/2012

- ⇒ Please be sure to contact me ASAP about any trails in need of maintenance.
- ⇒ My CHALLENGE to each trail rider is to give 3% of time spent in the saddle on trail work.
- ⇒ For each hour in the saddle that would be a mere 2 minutes.

For all trail work days please bring gloves, water, pruning saw, nippers, bug spray and sunscreen if you have them. Thank you for maintaining trails every time you go trail riding.

The majority of the work days will be optional on horseback or on foot. Mounted volunteers go out in groups of 3-4 in order to be most effective. Please be sure to contact Amy Kimble @ 301-748-8310 or [AmyHkimble@aol.com](mailto:AmyHkimble@aol.com) with trails that need work, questions, or to RSVP for work days. It is **IMPORTANT TO RSPV**, if you can, in order for us to utilize volunteers for each work situation and to be sure tools are available to do the job.

**9/8 Sat. 9AM Catocin Mountain Park/ Gambrills State Park.** Trail maintenance on existing trails. Volunteers can be on horseback or on foot.

**9/16 Sun. 9AM - LOCATION TBD**

**9/29 Sat. Patuxent State Park.** Corridor clearing between Howard Chapel Road and Rt. 97 on the reroute that has already been approved. Corridor clearing involves removing brush, shrubs, rocks, etc. where a new trail is being built. It requires all volunteers to be on foot. It is not particularly hard or demanding.

**10/13 Sat. 9AM Monocacy DNR Property.** Trail maintenance on existing trails from Rt. 28 and the Monocacy River to Sugarloaf Mountain. Volunteers can be on horseback or on foot.

**10/21 Sun. Patuxent State Park.** Preparing for Suzanne's rides the following weekend. Trail Maintenance on existing trails. Volunteers on foot and on horseback.

**11/3 Sat. 10AM - Location TBD**

**For those who are interested, we will be working with MORE to build 3 bridges in Seneca State Park. Please contact me so I can notify you of the dates.**

**Watch the Website, <http://www.trot-md.org/>, for any changes or cancellations.**

Thank You,  
Amy Kimble- TROT Trail Work Coordinator  
301-748-8310 or [AmyHkimble@aol.com](mailto:AmyHkimble@aol.com)

## EARN REWARDS BY PARTICIPATING IN TRAIL WORK DAYS

Amy K Kimble- TROT Trail Work Coordinator

The TROT Board has developed an **Incentive Program for the Trail work volunteers.**

The program will begin 5/12/2012 and end 12/15/2012.

- For each hour worked on TROT-sponsored trail work days, volunteers will earn 1 point. Include all hours to the quarter hour. Commute time should be included (but no side bar trips).
- IT WILL BE DONE ON THE HONOR SYSTEM.

- Special recognition will be given at the Annual Meeting to high point earners.

The work days will be posted on the website, in the newsletter and through the Maryland Trail Riders Yahoo Group. Work days will be canceled if actively raining 3 hours prior to the work time.

All mounted workers go out in groups of 2-4, to be most productive.

Most work sessions are 2-3 hours, and you should bring your own tools and water.

Check for updates on the website, <http://www.trot-md.org/>

## County Updates

**Need volunteers** as contacts or coordinators for **Baltimore, Calvert, and Talbot Counties.**

If you have an interest to act in this capacity, please contact any TROT Board Member. See Who's Who in TROT page 8.

**No County updates this issue.**

# Snippets from The 2012 Southeastern Equestrian Trails Conference (SETC) July 12-14, 2012

Amy K Kimble- TROT Trail Work Coordinator

I flew back to Baltimore and arrived at 12:30AM after having my flight postponed for weather. At 1:30AM when I got home I was exhausted: but I LOVED the Conference.

- Bob Hoverson, Leave No Trace Master Educator and (Retired) Program Manager, US Forest Service Northern Region Pack Train & Ninemile Wildlands Training Center & Remount Depot, stated "Preserving Our Privilege to Ride" LEAVE NO TRACE was a strong message. Ask yourself, "am I doing everything possible to have the least impact on the land and other users?" I believe this is HUGE.
- Trails that are on more than a 10% slope are not sustainable so maintenance will be an issue.
- Keep WATER off trails and keep RIDERS on trails.
- I am interested in establishing a Back Country Horseman affiliate in Maryland. There is funding available, but you have to apply, and if it is not used it will be lost.
- Quote from David O'Connor, Olympic equestrian rider, "The biggest threat to the horse industry is the loss of land".
- Water quality is a huge concern for the country and we must address issues now, including fertilizers, pharmaceuticals, insecticides, herbicides, chemicals and more. Thirty six states expect a water crisis in the

next 10 years.

- Twenty six states had representation. 230 people attended the conference.
- Great Trails = economic benefits.
- Partners are very important and collaboration. Thank you, Dave Powell, Tractor Supply Company (TSC), who announced that equestrians are their largest customer base. Contact their management team, as they are very interested in conservation.
- South Kentucky's BCH (Back Country Horseman) have a tool trailer that anyone would envy.
- One acre of farmland is lost every minute in the US.
- Many states are working on or have East to West and/or North to South trails across their states.
- LINK Up Trails are the big push now.
- I learned a lot more about trail building! Dave, Austin, and MORE will appreciate that.
- When advocating through your legislatures- faxing is most effective.
- Lobbying requires knowing the opposition and having expertise building relationships, You must be respectful, truthful, and trusted.

The Conference will be International next year! It will be at Rock Hill, SC, and I plan on driving, and hope that I can get a few others to attend with me.

*Editors note: For more info on the conference see <http://setc2012.com/>*

## TROT Ride - New Market - Saturday July 14 and Sunday July 15, 2012. Ride leader Steff Cacopardo Lisa Troutman

There were a happy few that made the ride Saturday July 14. Debora Van Tongeren, Grace Richards, Gail P., and Kelly D. braved the morning rain. It had stopped raining before we went out and the temps didn't soar due to the cloudy skies. We had a short but fun ride w/ a mixed pace of walk, trot, canter (W, T, C) Once back, to the pond we went. Dakota, (the paint), ran to the water and dove in. The others were a bit more cautious, but at least liked to see

how much splashing they could do. After the horses were cared for we had a big lunch before the trucks/trailers headed home.

### Cedarville State Park, Brandywine, MD – Saturday, September 15, 2012, Ride leader Judie Artman

Cedarville State Forest has nearly 20 miles of lovely trails that wind their way through pine and hardwood forests with a few clearings. Most trails are single track and flat but there are a few hills, some steep. Although there aren't many rocks, a few trails have had gravel put on them, and some have exposed roots. In dry weather, the trails can be hard packed, and they can be wet in wet weather. There are some gravel forest roads that can be ridden on. There will be bridges to cross. The pace will be walk/trot with some cantering if the group wishes. Be prepared to see hikers and possibly a mountain biker or two. Please be ready to ride at 11:00am and plan to ride for about 2 hours. The grassy parking area is a nice area for a picnic, so bring chairs and a lunch. The ride leader will provide sodas and water.

Directions from Route 301 traveling from Prince George's County: From Route 301 South travel to

(It's best to bring \$3.00 cash with you. The fee is \$4.00 for out of state residents.) Go back out to Bee Oak Road, continuing in the same direction to the next intersection and turn left. Continue a short distance and you will see a large grassy field on your left. Park there. (There is a playground across the road as a landmark.) There are bins at the edge of the lot to deposit manure.

There are streams in the park for your horse to drink from but no water at the parking lot so plan accordingly. Your horse will not need shoes or boots. Bring your sandwich and chair. There will be hot cocoa, sodas, water, and pumpkin bread.

## Still Looking for a TROT Newsletter Editor

After 5 years as the TROT Newsletter editor (Nancy Osgood) and my "soul volunteer" employee (Sim Shanks), wish to relinquish these activities to someone who can take on the duties with the hope that they can expand the newsletter to greater heights. We will help you get started and provide you with whatever assistance you wish.

The TROT Newsletter is published six times a year: January, March, May, July, September and November. The issues should be in the mail for delivery by the first day or two of the month. To date, there are about 125 copies emailed and about 180 mailed via USPS. Email and reading the current and back issues on the TROT website, <http://www.trot-md.org/newsletters.php>, are preferred to the cost of printing and higher cost of postage.

If you are interested please let me know, Nancy Osgood at [nlosgood@verizon.net](mailto:nlosgood@verizon.net). The TROT Officers and Board will ultimately make the selection of the new editor.

**FALL DEER HUNTING SEASON STARTS IN SEPTEMBER**

In Maryland, bow season starts on September 7, muzzle loader season starts on October 18, and firearms season runs from November 24 through December 8, and January 4-5, 2013. The complete hunting schedule (including game other than deer) can be found at [http://www.dnr.state.md.us/huntersguide/pdfs/Hunting\\_Seasons\\_Calendar.pdf](http://www.dnr.state.md.us/huntersguide/pdfs/Hunting_Seasons_Calendar.pdf).

Maryland and local counties also have deer management programs that include hunting in parks and other public property, and may include park closures. Please keep some simple safety tips in mind while trail riding during hunting season:

- Be aware of the hunting seasons in your area. Complete information is available online, and the TROT November newsletter will include information for the full season.
- Make sure to wear something fluorescent orange during the entire hunting season.
- Try to stay in open areas, where visibility is good.
- If you see hunters, be sure to let them know where you are riding – and remind them that other riders may be in the area.
- Be respectful to lawful hunters – their licensing fees provide important funding for our parks.

**So what is the TROT Judged Pleasure Ride?** It is a trail course with occasional obstacles where judges evaluate the horse's performance through each obstacle. Judging criteria include the horse's attentiveness, willingness, and confidence. Obstacles are designed to simulate real-world situations – like a wooden bridge, small creek, or maybe simulated “trash” dumped by a trail. They are NOT designed to overstress a horse or rider (remember it is a “Pleasure” ride!). The JPR is a great way for a rider to show off what a horse has learned over years of trail riding or to help a young horse have a wonderful confidence-building experience.

This year TROT is fortunate to have a special bonus feature at the JPR. **Scott Purdum**, a nationally recognized clinician, will be giving demonstrations on how to achieve a perfect score on a Judged Pleasure Ride! And lunch will be available at our venue. So bring your horse, bring a friend (non-TROT members are welcome), maybe bring some food to share, and prepare to have a great day!
