CORRECTION

In our last newsletter on page 16, we reported that the Howard County Fairgrounds was planning on closing the riding arenas. That is not true. We were misinformed. This shows you need to go to the source rather than listen to others. Howard County Fairgrounds riding arenas are open for business.

PRESIDENT'S MESSAGE

from Gale Monahan

I hope all of you are well and enjoying these wonderful trails we have here in Maryland.

I feel the need to clarify the purpose of TROT since now is the time we start looking for those few who wish to be a part of our wonderful organization and join the TROT Board. Not only do we have great trail rides and work towards having clinics you will learn and enjoy participating in, we advocate for trails and your right to use those trails. TROT does not get involved in politics or promote any person for political office. TROT will keep our members informed of what is relevant to trails and trail riding. To help you make a decision I am posting Article 3 from our bylaws. Come join a great group of dedicated individuals. New ideas are always needed and welcomed.

ARTICLE THREE PURPOSES

This association is organized exclusively for charitable and educational purposes, and may not engage in any activity that would preclude it from qualifying for an exemption from federal income taxes under 501(c) (3) of the Internal Revenue Code taxes under 501(c) (3) of the Internal Revenue Code. In particular, the purposes of this association are:

- To obtain, maintain, preserve and promote open space and equestrian trails for public recreational use and for the ecological and aesthetic benefit of the community.
- To work with land developers and owners to create new trails and preserve existing trails.
- To seek inclusion of a trail system within various county organization's master plans.
- To educate citizens and members with respect to trail riding and proper horse care by the use of newsletter, the media and other publications, and clinics and workshops.
- To promote trail riding in all forms such as pleasure riding, competitive riding, and endurance riding, and to foster amateur equestrian competitions in these forms of trail riding.
- To promote the interests of riders and non-riders in all phases of horse management, English or western pleasure riding, cross-country riding, combined training, dressage, stadium jumping, and trail riding.
- To promote safe riding, proper horse care and etiquette at all times.

Recent TROT Trail Rides

Report organized by Barbara Sollner-Webb, TROT's Trail Ride Coordinator

TROT has now held our last ride of the 2018 season -- the swell Anacostia ride that John Angevine kindly leads each year (see below). Tallying up our TROT rides for the year shows that of the 51 rides we hoped to hold, 30 had to be cancelled or postponed (due to rain, too wet ground, or such) but we were able to hold 21 TROT rides. While that is a perfectly respectable number of rides, the disappointing less-than-50% success rate reflects this year's abnormally wet spring and summer. Hopefully next year Mother Nature will let TROT hold a larger fraction of our planned rides.

We need to give a special call of appreciation to Stephanie Brennan, TROT's marvelously energetic Carroll County coordinator, who led and/or organized nearly 1/3 of the TROT rides this year. Wow! Thank you, Stephanie!

The period since the last newsletter was the least soggy time of the riding season, so we were able to have six of the nine planned rides for TROT members. They were:

The League of Maryland Horsemen's Invitational on Friday, October 5 to Sunday, October 7 (that TROT members were invited to attend):

Joyce Bell kindly sent in the following report: The League of Maryland's annual Invitational Ride, the first weekend in October, saw about 40 friends, some old and some new, engaged in fun-filled activities: riding, sharing stories, playing games in the clubhouse (the "ITSY" game was especially entertaining) and of course (over?) eating! Three guides were available for those who wanted to go on a scenic, medium, or gaited (faster and longer) ride. Thanks to the heroic efforts of League members, the trails were cleared and generally in pretty good shape considering all the wind and rain that preceded the event. The Invitational is the one time that non-League members are invited to camp. It is a marvelous way to learn about the League's campground and facilities and to learn about Patapsco's trail network, too. I encourage everyone to put the Invitational on their calendars in 2019.

Fairland Park ride on Saturday, October 6

Led and reported by Barbara Sollner-Webb: After a few initial near-glitches, we had a delightful nice ride at Fairland Park (in Burtonsville, MD). First, players for the many ball games had filled our usual parking area on the Montgomery County side of the park, but fortunately there is another nice horse trailer parking area on the Prince George's side (just off Old Gunpowder Road at the entrance to the golf course) that was empty for us to use. Then it was discovered that one rider had forgotten her girth, but that also worked out fine as we were able to attach someone else's spare English girth to her Western saddle using bailing twine (see photo). We also took time to be good horse-emissaries, as many kids at this park have never seen a horse "up close and personal" and are thrilled to be introduced (see photo). Then we had a lovely ride on these great trails, followed by a yummy pot-luck lunch. A good time was had by all. Riders left to right: Barbara Sollner-Webb, Ed Mikus, Ellen Frank, and Laury Lobel. [Note that 3/4 of the horses on this ride were Icelandics.]

Ag Farm Park ride on Wednesday, October 10

Led by Laury Lobel, this was a make-up of a rained out "Last Thursday of the <onth" ride. It was attended by eight riders who had a wonderful time, both on the ride and at the pot-luck lunch after the ride.

Sweet Air ride on Friday, October 19

Led and reported by Bianca Paterakis: We had a lovely fall ride in the cool air at Sweet Air Area of the Gunpowder, seeing the first signs of the changing Autumn leaves on horseback. We had six riders that Friday. Pictured in our line up we have from the left Priscilla Huffman, Yancy Carey, Karen Durilla, Julie Bremmer Madill, and Frank Durilla.

Ag Farm Park ride on Thursday, October 25

Led and reported by Laury Lobel: Six of us took advantage of the amazing weather to finally have a Last Thursday of the Month Ride at the Ag Farm History Park in Derwood, Maryland. It was the perfect day -- not a cloud in the sky, no wind, temps in the 50's, and riding buddies enjoying this incredible venue for riding, with it's beautiful mowed trails, woods and fields. Laury Lobel was joined by (from left to right) Ann Faulkner, Deneen Martin, Flo Arnold, Kathy Lipton, Laury and Mette Fields. Everyone enjoyed the ride, followed by lunch in the sun. Check out the Facebook page for video taken by Mette. Photos from Laury Lobel and Mette Fields.

Friendship and Trailride Planning Luncheon on Saturday, October 28 (there was to have also been a ride at Liberty Reservoir but the ground was too wet)

Organized and hosted by Stephanie Brennan; report by Barbara Sollner-Webb: In Stephanie's monthly Carroll County report that she sends to over 100 area riders (some TROT members, others potential TROT members) she invited all to a ride followed by a luncheon at her house ("Relatively Stable"; see photo), to meet one another and plan next year's ride and trail work calendar. Over 20 riders came and greatly enjoyed her and Mike's hospitality and their wonderful home-made chili, supplemented by great pot-luck contributions from the other attendees (see photos). Stephanie organized fun meet-one-another events, had lovely horse face treat bags for all attendees (see photo), and gave prizes to the Carroll County members who came on the most TROT rides and who did the most trail work. [Actually Stephanie came on the most TROT rides and she and Mike did by far the most trail work, but she excluded herself and Mike in the awards.] There was valuable discussion about future horse-events that TROT could participate in, and everyone had a marvelous time. Thank you so much, Stephanie and Mike!

Anacostia Park ride on Saturday, November 10

Led by John Angevine; reported by Barbara Sollner-Webb: Although it rained hard the day before, this trail is largely asphalt and hard-packed rock so is not damaged by riding when it would be too wet to ride at most other venues. We started at the Wells Ice Ring in College Park, considerably inside the beltway, and rode down along the Northeast Branch of the Anacostia River, through parks, abutting some quite dense neighborhoods, and under many cross-streets. Because it was rather chilly for this year's ride, we turned about just beyond Bladensburg Waterfront Park and did not ride all the way into DC, which we usually do, but it was still a 2 1/2 hour invigorating outing. It is such fun to ride in a city-fied part of the area that still has a lovely trail in real nature. All the horses, especially Kate's three-year-old thoroughbred, did super going under the bridges, including the one covered with floppy white construction cloths and one with a moving train (see photo). At the end of the ride, John kindly gave each rider a big bag of cookies and Marian gave each rider a sandwich, both of which were much appreciated.

The TROT Annual Dinner and Meeting is scheduled for February 16, 2019!

As we prepare for it, we are reaching out to you for help. We need volunteers to help organize and facilitate the event, silent auction items, and pictures of your TROT rides (past or present) for a slide show.

UPCOMING TRAIL WORK AND OTHER HORSE-RELATED ACTIVITIES

Reporting Your Trail Work *info from Amy Kimble, TROT's Adopt-A-Trail*

As you ride, you likely break branches to clear the trail, and maybe you even go out sometimes specifically to do trail clearing. Please report these hours to Amy Kimble, TROT's long-term Adopt-A-Trail guru (<Amyhkimble@aol.com> or text to 301-748-8310). Give her your name, location of work, and ideally the date. Amy then relays these hours to park officials, and these hours get increased funding for the parks! **Note to Volunteer Mounted Patrols: your patrolling and lesson hours definitely count too; please report them to Amy!**

PLEASE DON'T RIDE TRAILS WHEN THE GROUND IS WET AND YOUR CAN SEE FOOTPRINTS!

UPCOMING TROT TRAIL RIDES - plan to come on some this fall!

TROT's organized trail rides are a fun and safe way to learn new trails, meet new riding buddies, and -- probably most important for TROT's mission -- help illustrate to riders the value of preserving trails. While riding your familiar trail is certainly nice, it is most valuable and enjoyable to get acquainted with other trail systems in the area. And what better way than on a TROT ride? So plan to come on TROT rides! In fact, how about leading or co-leading a TROT ride in 2019, to show others your favorite venue? It is easy and rewarding, **and you get a free TROT shirt for leading a ride!** Contact Barbara Sollner-Webb (<bsw@jhmi.edu> or 301-604-5619) to discuss maybe leading one.

To participate in a ride, please **contact the designated ride leader to sign up, learn the start time and get directions**. Then if bad weather causes a ride to be postponed, the ride leader will be able to notify you. All riders must wear a helmet, **SHOW their current negative Coggins for the horse**, and be TROT members. Membership forms are at <<http://trot-md.org/join-now/>> and at the rides. There are also \$5 one-day memberships to encourage non-TROT riders to participate (and hopefully then join TROT).

For updated trail ride listings, please check the TROT website calendar, at www.trot-md.org or the most recent Newsletter. Updates are often posted on the Yahoo groups or Facebook page. If you want to come on a ride but do not have a trailer, post a trailering request on the TROT Yahoo groups or on the TROT Facebook page or contact the ride leader, who sometimes can arrange for another participant to pick up a horse that loads and travels well. Finally, everyone is encouraged to announce our TROT rides widely, but to protect our ride program's integrity, please include all the above requirements and do not publicly

April 6 through April 8 - Trail ride on the beach at Assateague

Ride with the wild ponies! This ride has been on my bucket list, and I invite you to join me. Day use horseback riding is permitted in Maryland from October 9 through May 14. An entrance fee is required for all vehicles entering the park. Sign up now to ensure your space. I am contemplating camping there for those who might also be interested. It is highly suggested that you check with your vet before attending this ride as many of the Assateague horses are positive for Equine Infectious Anemia.

Saturday, July 26, 2019 – Benefit Trail Ride and Dinner in Lisbon, MD

The Equiery had tried to organize a benefit trail ride and dinner, to hopefully raise \$5,000 for the Lisbon Volunteer Fire Department to purchase an ATV to expedite their EMTs doing rescues on the Patapsco. This event was to be coordinated with TROT and a few other riding groups, but no commonly acceptable date could be arranged in 2018. So pencil in July 26 in 2019.

County/Area Coordinator Reports

Carol County - Stephanie Brennan

November 2018

Who is the Carroll County TROT member that rode sidesaddle at the Washington National Horse Show in the old armory, or the member that plays the fiddle, or who backpacked England & Wales, or who was in Berlin when the wall came down, or who lived in Japan? If you don't know, it means you missed out on a splendid luncheon Sunday, October 28th. It also means that you will have to search out these awesome Carroll County TROT members on the trails, as I am not going to reveal the answers!

The rain may have halted our trail ride this past Sunday, but the Liberty Reservoir luncheon on October 28th was a huge success. Besides the interesting facts, there was a plethora of food, endless ideas, and prizes awarded.

Debbie Mullinix, followed by Jean Swartz were awarded a prize for the most Carroll County TROT rides attended this year (information obtained from TROT's trail ride coordinator Barbara Sollner-Webb & TROT trail ride sign in sheets).

Frank & Karen Durilla took home the title and prize for the Carroll County TROT member with the most trail hours worked (information obtained from Amy Kimble-remember to record your trail hours worked throughout the year with her!).

Suggestions from the luncheon came from TROT members and numerous other horse groups such as the Mt. Air Saddle Pals and the Carroll County Equestrian Council. "Dream Big" was my take away, and I am so excited to be planning 2019 thanks to everyone's input regarding days of the week that work best, and places to go. If you were not able to attend the luncheon, but would like to provide input, please email me at dadsllcobra@yahoo.com. Tentative information regarding 2019 events will be dispersed in December. My end of the year gift to you!
